LEGAL DIVISION

The Attorney General, as provided by law, acted as the general counsel of the Board, and two assistant attorneys general were assigned to the duty of assisting the Board in the enforcement of the Liquor Act during the fiscal year.

LITIGATION

State of California v. State of Washington

Reference was made in the last preceding report to this original action in the Supreme Court of the United States brought by the State of California to enjoin and restrain the enforcement of Washington statutes and Liquor Control Board regulations alleged to discriminate against the sale of California wine in Washington. In answer thereto the brief of the State of Washington was filed in the Supreme Court and oral arguments on the motion for leave to file a bill of complaint was heard during the week of October 13, 1958. On November 10, 1958, the Supreme Court denied the motion and on December 17, 1958, the court entered an order denying the plaintiff's petition for rehearing.

No other actions were brought during the fiscal year involving the Board as a party, with the exception of 19 garnishment actions and one tax levy involving employees of the Board. Fifteen of these actions were dismissed upon motion of the plaintiff. In one action an answer was filed and payment made to the clerk of the court. At the close of the fiscal year four garnishment actions are pending.

HEARINGS

Seventy formal hearings involving disciplinary matters were held before the examiner for the Board. The legal division prepared the complaints and presented the Board's cases against the licensees in these hearings. In addition, the attorneys appeared in 26 hearings held before the Board in Olympia for the presentation of formal arguments in connection with cases tried before the examiner, and also appeared in 25 show cause hearings held before the Board. Eight of the show cause hearings involved wholesale licensees.
